The following steps will be required for a candidate to pass during the application and selection phase of this recruitment. Candidates will be notified of their status at each phase of the process via e-mail, whenever possible.

Step 1: As applications are received, candidates will undergo an evaluation of work history and supplemental questionnaires to determine if all minimum qualifications for the position are met. Beginning on or around **April 25**, invitations to the testing phase will be sent on a rolling basis to those applicants with a complete application who qualify. If you'd like to be eligible to receive an invitation and schedule your testing early, please make sure to submit your complete application as soon as possible. We anticipate that testing times will be available for all candidates who qualify, but please note that individual time-slots will be filled on a "first-come, first-served" basis.

Step 2: Candidates will be selected for testing based on an evaluation of completed application materials. Candidates will be notified BY E-MAIL of exact times, dates, and locations for each component of testing, if eligible. This may involve candidates self-scheduling for offered testing. During the testing period a **multiple-choice examination** evaluating candidates' relevant general knowledge will be administered as well as a **descriptive writing exercise**. A [descriptive writing tip-sheet](#) can be found at www.eugene-or.gov/jobs by clicking on the "[How to Apply](#)" link on the left side of the page.

As a portion of the selection process for the position of Police Officer with the City of Eugene, one of the testing components is a general knowledge multiple choice test. Participants for the interview process are selected based on candidates' performance on the multiple-choice examination, physical abilities examination, descriptive writing exercise, and an evaluation of a personal history questionnaire.

Final Steps: A comprehensive **Police background investigation** will be required prior to the final stages of the selection process. Candidates who successfully complete a background investigation and are chosen as finalists will be required to undergo a complete **psychological evaluation**.
